TAILORED TO YOUR INSTITUTION

This is NOT a one-size-fits-all service or curriculum. Both content and delivery options will be customized for your institution or foundation board. We match you with sitting and former board members, former presidents, board professionals, and subject matter experts who have experience relevant to your situation. We will work with you to identify the questions you need to answer, including topics such as:

- Is your team embodying your defined mission and strategy?
- How mature are your shared governance practices?
- How can your board and leadership ensure institutional sustainability?
- What role does educational quality play in board and presidential decision making?
- What changes could be made to optimize board performance?
- How would board members and those who work with the board describe board culture, and are there opportunities to strengthen it?

“Proper board governance and board member selection are essential to maximizing foundation work...”

...such as fundraising, investment management, and advocacy. AGB Consulting services offer an independent assessment from seasoned foundation professionals to help meet these challenges.”
