The People Have Spoken

AGB OnBoard has been awarded the Gold Stevie for **"The Best Education Cloud-Based Solution"**. The American Business Awards judge said the following: "I believe that for far too long, boards were limited to the work they did in the board room on one to two days per month or whatever their frequency is. So, anything that takes that work online and gives the board members for freedom in what they do is a great thing. Especially in the wake of Covid-19, it is very important."
